

Lista över docenturämnen vid Medicinska fakulteten

allergologi	allergology
allmänmedicin	family medicine/general practice
anatomi	anatomy
andrologi	andrology
anestesi och intensivvård	anesthesiology and intensive care medicine
arbets- och miljömedicin	occupational- and environmental medicine
arbetsterapi	occupational therapy
barn- och ungdomspsykiatri	child- and adolescent psychiatry
barnkirurgi	pediatric surgery
bettfysiologi	clinical oral physiology
bioinformatik	bioinformatics
biomaterialvetenskap	biomaterial science
biomedicinsk laboratorievetenskap	biomedical laboratory science
cariologi	cariology
cellbiologi	cell biology
dermatologi och venereologi	dermatology and venereology
diagnostisk och interventionell radiologi	diagnostic and interventional radiology
endodonti	endodontics
endokrinologi och diabetologi	endocrinology and diabetology
epidemiologi	epidemiology
epidemiologi och folkhälsovetenskap	epidemiology and public health
farmaci	pharmacy
farmakologi	pharmacology
folkhälsovetenskap	public health
fysiologi	physiology
fysiologisk kemi	physiological chemistry
fysioterapi	physiotherapy
gastroenterologi och hepatologi	gastroenterology and hepatology
geriatrik	geriatric medicine
global hälsa	global health
handkirurgi	hand surgery
hematologi	hematology
histologi med cellbiologi	histology and cell biology
idrottsmedicin	sports medicine
immunologi	immunology
infektionsbiologi	infection biology
infektionsmedicin	infection medicine
internmedicin	internal medicine
kardiologi	cardiology
katastrofmedicin	disaster medicine
kirurgi	surgery
klinisk farmakologi	clinical pharmacology
klinisk fysiologi	clinical physiology
klinisk genetik	clinical genetics
klinisk immunologi och transfusionsmedicin	clinical immunology and transfusion medicine
klinisk kemi	clinical chemistry
klinisk mikrobiologi	clinical microbiology
klinisk neurofysiologi	clinical neurophysiology
kognitiv neurovetenskap	cognitive neuroscience
kärlkirurgi	vascular surgery
logopedi	speech and language pathology
lungmedicin	respiratory medicine

UMEÅ UNIVERSITET

FS 1.2.2-383-20

medicinsk biofysik	medical biophysics
medicinsk genetik	medical genetics
medicinsk kemi	medical biochemistry
medicinsk mikrobiologi	medical microbiology
medicinsk strålningsfysik	radiation physics
medicinsk teknik	biomedical engineering
metabolism	metabolism
molekylärbiologi	molecular biology
molekylär epidemiologi	molecular epidemiology
molekylär medicin	molecular medicine
njurmedicin	nephrology
neonatologi	neonatology
neurokirurgi	neurosurgery
neurologi	neurology
neurovetenskap	neuroscience
nuklearmedicin	nuclear medicine
nutrition	nutrition
obstetrik och gynekologi	obstetrics and gynecology
odontologisk materialvetenskap	dental materials science
odontologisk radiologi	oral and maxillofacial radiology
oftalmologi	ophthalmology
omvårdnad	nursing
onkologi	oncology
oral biologi	oral biology
oral hälsa	oral health
oral hälsovetenskap	oral health science
oral mikrobiologi	oral microbiology
oral och maxillofacial kirurgi	oral and maxillofacial surgery
oral protetik	prosthodontics
ortodonti	orthodontics
orofacial medicin	orofacial medicine
ortopedi	orthopedics
oto-rhino-laryngologi	otorhinolaryngology
parodontologi	periodontology
patologi	pathology
pediatrik	pediatrics
pedodonti	pediatric dentistry
plastikkirurgi	plastic surgery
professionell utveckling	professional development
psykiatri	psychiatry
radiografi	radiography
radiologi	radiology
rehabiliteringsmedicin	physical and rehabilitation medicine
sexuell och reproduktiv hälsa	sexual and reproductive health
reumatologi	rheumatology
rättsmedicin	forensic medicine
rättspsykiatri	forensic psychiatry
socialmedicin	social medicine
thoraxkirurgi	cardiothoracic surgery
tumörbiologi	tumour biology
urologi	urology
utvecklingsbiologi	developmental biology
virologi	virology
