

Faculty of Science & Technology
invites you to

Teaching Day, August 20 2015

The Teaching Day is for everybody engaged in and interested in the development and quality of our education programmes. The aim is to exchange experiences and inspire each other by focusing on two themes:

- Strengthening of the teacher role
- Student's learning in focus

When? Thursday August 20. We begin at 08.30 and finish with dinner together.
Where? Umeå Folkets hus.

To be able plan for the event we would like you to **register before March 31**.

Suggest activities you would like to be responsible for – or that you want somebody else to lead. **Please provide us with tips on possible speakers!**

If you already know that you would like to present a poster or give a lecture or workshop, please tell us when you register.

Registration is done via a web form, please follow the link below:

 Registration for Teaching Day (<http://www.teknat.umu.se/larardagen>)

Programme

08.30-09.30	Introduction: "Teachers' roles, students and learning" Johan Alvefors, Sveriges förenade studentkårer, SFS, Kristina Edström, KTH
09.30-10.00	Coffee break
10.00-12.00	Sessions part 1
12.00-14.00	Lunch and poster mingle
14.00-16.30	Sessions part 2 including coffee break
16.30-17.15	Invited speaker and conclusion
17.30-20.00	Dinner

Many different sessions during the day

- Sessions can be short or long, maximum two hours.
- The format can be anything from one or two longer presentations followed by discussions to several short "speed-talks" or round-the-table discussions where participants exchange experiences about a type of education or other important issue.
- We can also offer "hands on-tutoring", for example about how to give a video lecture or how to use "clickers" in your education.
- If a theme attracts a lot of interest we will offer it both before and after the lunch break. Sessions will be organized both in Swedish and English according to interest.

Welcome with your own ideas when you register on the web!

Already under way...

- **Student activation with "clickers"** - hands on-practive with Bent Christensen.
- **Research connection in your course** - workshop with Agneta Bränberg.
- **To become an excellent teacher - how to build a pedagogic portfolio** - Ulf Holmgren
- **Blended learning - is it good and how do you do it?**
- **Chemistry didactics and engineering didactics** - Karolina Broman, Maria Berge

If you have questions or would like to discuss your idea for a session during Teaching Day, you are welcome to contact the planning committee:

kristin.palmqvist@emg.umu.se - EMG, chair, Education committee

lennart.nilsson@math.umu.se - Faculty subjects coordinator

susanne.vikstrom@umu.se - Faculty subjects coordinator
