

Announcement of funds for preparing project application at the Faculty of Science and Technology 2022

Purpose

The Faculty of Science and Technology at Umeå University hereby announces funds for preparing project applications within the program Horizon Europe. Funds covering salary for a maximum of one month of work with the project application can be applied for. The funds are aimed at researchers who will be coordinators for larger projects.

Terms

Applicants must be permanently employed at the Faculty of Science and Technology at Umeå University, or alternatively have a fixed-term employment as an assistant professor or research assistant at the same faculty. The application must be approved by the head of the department at the department where the applicant is employed. Funds are paid out when the project application has been submitted and registered. Applications that are not submitted will not be funded.

Application procedure

Applications (max 2 A4 pages) can be submitted at any time during the year but should be submitted in due time before the last application date. The application shall be directed to the dean and sent to the faculty's research coordinator: robert.johansson@umu.se

The application must contain the following information:

- Name of applicant, title, department, contact information.
- The call referred to and the last application date for it.
- General project plan (with indication of intended partners).
- Schedule for the application process.
- Financing plan for the application process.
- Support stated by the head of department.

A decision can be expected within one month of the application being submitted.

Questions

Questions concerning announcements about the calls within Horizon Europe, such as support in writing, etc. can be given by the Research Support and Office (RSO).
