EU – Other funding opportunities

**Directorate-Generals**

The European Commission is divided into several departments known as Directorate-Generals (DGs), which are responsible for different policy areas. Many of the DGs offer several opportunities for research financing outside the H2020, in the form of grants, contracts and tenders for specific services. Other departments and services are engaged in general administration or have a specific mandate, for example fighting fraud or putting together statistics. To learn more about the DGs and access relevant links, see below.
