

UMEÅ UNIVERSITET

Order of priority for awarding staff Erasmus+ exchange funding

Grants are allocated according to the principle 'first come, first served'. If limited funding makes it necessary to choose between applicants, the selection will be made based on the following criteria in descending order of priority:

Preference is given to:

1. applicants who have not previously been granted funding (last 5 years) for professional development from Erasmus+
2. individual applicants and applications with a maximum of two participants before group applications
3. applicants who have not visited the partner university, organization, or company in question on several occasions before.
4. exchanges that lead to stronger contacts between Umeå University and the partner university or that prepare for future collaborative projects.

This is based on the submitted work plan, as well as the information; 'overall objectives of the mobility', 'added value of the mobility' and 'expected outcomes and impact'.
